

FOUNDATIONS DAY NURSERY

Est. 2010

Social Networking

Social media is becoming a large part of the world we live in and as such at Fun Foundations Day Nursery we need to make sure we protect our children by having procedures in place for safe use.

We use Facebook and Instagram to share pictures of the activities the children have accessed at nursery. Both pages are open and therefore open for the public to view. In order to safeguard children we will:

- We have prior written permission in place from parents before posting any images of children
- Do not allow others to post on our social media pages, i.e. designated person/management can post on the page,
- Have separate permission to use any images for any open public pages that we use for marketing purposes
- We monitor comments on all posts and address any concerns immediately.
- Children will remain anonymous

Staff use of social media

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the nursery, nursery staff, parents or children.

When using social networking sites such as Facebook or Instagram staff must:

- Not name the setting they work at
- Not make comments relating to their work or post pictures in work uniform
- Not send private messages to any parents/family members
- To direct any parent questions relating to work via social networking sites, then staff should reply asking them to come into the setting or contact the manager
- Ensure any posts reflect their professional role in the community (e.g. no inappropriate social event photos or inappropriate comments i.e. foul language)
- Report any concerning comments or questions from parents to the manager/child protection lead
- Follow the staff behaviour policy
- Not post anything that could be construed to have any impact on the nursery's reputation or relate to the nursery or any children attending the nursery in any way
- Not belong to our closed Facebook group if linked to a personal account
- To follow this in conjunction with the whistle blowing policy.
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

All electronic communications between staff and parents should be professional and take place via the official nursery communication channels, e.g. work emails and phone numbers. This is to protect staff, children and parents.

FOUNDATIONS

DAY NURSERY

Est. 2010

Parents and visitors' use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publicly or privately, information about any child on social media sites such as Facebook and Instagram. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents **not to**:

- Send friend requests to any member of nursery staff
- Screen shot or share any posts or pictures from the nursery on social media platforms (these may contain other children in the pictures)
- Post any photographs to social media that have been supplied by the nursery with other children in them (e.g. Christmas concert photographs or photographs from an activity at nursery)

We ask parents to:

Share any concerns regarding inappropriate use of social media through the official procedures (please refer to the Parents as partners policy, Complaints procedures and Grievance policy).
